

# YOU CAN HELP TO SAVE ANOA, BANTENG AND BABIRUSA!

Do a bake sale!

Do a sponsored run!

## WHAT YOUR MONEY COULD GO TOWARDS...

### £10

will buy 5 microchips to identify anoa, banteng and babirusa in Indonesian zoos

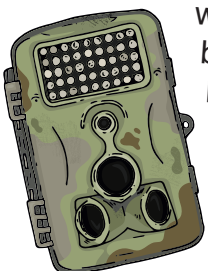

### £170

will buy DNA extraction kits. These are used to extract DNA from 50 samples taken from anoa, banteng and babirusa

### £250

will buy a camera trap to be used to monitor wild banteng populations in East Java

### £1000

will pay for rangers to carry out surveys and monitor populations of anoa and babirusa in Sulawesi
